**July 2009**

## Chief's Talk from Dan "Big Wolf" Drellishak

The Two Feathers Longhouse Officers and Membership Committee have been busy planning for next program year! Our calendar of events for the 2009-2010 Program Year is taking shape and is included in this newsletter. We have many fun and exciting events planned for the Longhouse! Enjoy the rest of the summer and get ready for next season!

I would like to take this opportunity to say "Thank You" to all of you who have participated in Two Feathers Longhouse over this past program year. My family and I are truly honored to have been members and proud to have been Chief of the Longhouse over the past 12 months! Your participation made the events FUN and your dedication to helping events run smoothly has certainly allowed us to "*create memories for two lifetimes, ours and our children's*"! This was my 12<sup>th</sup> year as a member of the Two Feathers Longhouse and I plan on continuing on for a few more years as my youngest child is only in 2<sup>nd</sup> grade. I truly believe that there is no better organization that a family can be a part of that offers the atmosphere to build a solid parent/child relationship. My children and I have had the opportunity to make many friends with other members of the group that will last for years to come. Words can certainly not fully describe the fun and joy we have experienced as we continue to build a lifelong bond between my children and myself by participating in such a quality program. If you have had as much fun as we have, please consider asking a friend or neighbor to join us next year! We would love to have them as a part of Two Feathers Longhouse!

This is my final "Chief's Talk" as the leadership torch is formally passed to our new Longhouse Chief "Blue Lake" Karl Satorius and his children "Running River" (Adam) and "Wandering Stream" (Sarah). Congratulations Chief "Blue Lake" and family! Looking forward to another FUN year as a member of the Two Feathers Longhouse!

Tonkahey!

Sachem Big Wolf Dan Drellishak
